Re: *Interceptor Ignition Interlocks, Inc. v. AT&T Mobility Services LLC*
Case No.: 1:18-cv-4289-PKC-GWG

Sir:

This firm represents plaintiff, Interceptor Ignition Interlocks, Inc., ("Interceptor") in the above action assigned to the Court.

This letter is sent in response to the Court's order of November 1, 2022 (ECF Doc. No. 62), requesting a status report on the arbitration of the above matter.

The Arbitrator held a three-day evidentiary hearing in this matter in June 2022 on the issue of arbitrability. After post-hearing briefing and oral argument, the Arbitrator by decision, dated January 6, 2023, ruled that the dispute between Interceptor and AT&T must be resolved through arbitration.

In accordance with the Arbitrator's instruction, the parties are now in the process of drafting a joint proposed case management order to schedule all remaining arbitration proceedings, including merits discovery, motions and a merits hearing, for the purpose of resolving issues related to the merits of Interceptor's claims and AT&T's counterclaims. The parties expect these proceedings to continue throughout the 2023 calendar year, and potentially into early 2024.

If the Court needs any other information I will, of course, provide it.

Respectfully submitted,

SULLIVAN PAPAIN BLOCK McGRATH
COFFINAS & CANNAVO P.C.
